Dear Harold,

Here are 5 copies
of the page from
Geage's address book
which lists J. Walton Moore.
The top copy is made from
the set in which I am
"connecting-the-dots". The
remaining 4 are from
my "pristine" version...
done at different copier
settings... from light to dark.
Someday, I hope to have all
138 pages inputted into my
data-base.

Thanks for being so wonderful!
All Best,
Peggy
